4 Seater 400cc Off-road All-Terrain Vehicle

SNIPER T400-4S...

Introducing the Sniper T400-4s: the pinnacle of off-road adventure tailored for groups seeking both excitement and comfort. This robust four-seater all-terrain vehicle (ATV) is engineered to deliver unparalleled performance across diverse landscapes, ensuring every journey is both thrilling and secure.

Powerful Performance

At the heart of the Sniper T400-4s lies a 4-stroke, single-cylinder, 359.2cc engine, generating an impressive 25 horsepower at 6,500 rpm. This powertrain enables the vehicle to reach top speeds of up to 75 km/h, providing ample thrust for conquering challenging terrains.

The constantly variable transmission (CVT) ensures smooth acceleration and seamless gear transitions, enhancing the overall driving experience.

Advanced Suspension and Handling

Designed with a widened stance, the Sniper T400-4s features high-grade suspension systems that significantly improve stability and control. The front utilizes a double A-arm suspension, while the rear is equipped with a 4-link bar setup. Both front and rear brakes are 220mm dual hydraulic discs, delivering reliable stopping power even in demanding conditions.

With a ground clearance of 300mm, this ATV adeptly navigates over obstacles, ensuring a smooth ride across rugged landscapes.

Spacious and Comfortable Seating

The Sniper T400-4s is thoughtfully designed to accommodate four passengers comfortably. Adjustable seats cater to individual preferences, ensuring each occupant enjoys a customized seating position. The inclusion of driver and passenger seat belts underscores the commitment to safety, allowing adventurers to explore with confidence.

Utility and Design Enhancements

Beyond its performance capabilities, the Sniper T400-4s boasts several practical features:

- Rear Utility Bin: A back bin adds a level of utility, allowing for the transportation of gear and supplies, enhancing the vehicle\\\'s versatility.
- Aggressive Styling: The vehicle showcases a sporty and attractive appearance, with a fully painted roll cage and frame, solid front bumper, and new graphic design.
- Enhanced Visibility: Equipped with LED headlights, the Sniper T400-4s ensures clear visibility during low-light conditions, promoting safety during early morning or late evening rides.
