Multi-function High-lift Telescopic Loader

T-REX920T

This multi-function telescopic loader is used for industry agriculture and construction industries. It can load aggregate or cargo with a bucket, bore holes with the auger
attachment, as well as load items such as hay by fork, as well as many other functions with the long list of attachments available as well as be used in construction as a crane.

- Hard Mn alloy steel Q345B in 80% chassis.
- 2000kg Max loading capacity with 5.5m max lifting height
- Yunnei 76KW Engine
- Automatic transmission control
- Four-wheel drive, Oscillating gear axles
- Four-wheel hydraulic spread-shoe brake
- Camel battery with high AH
- 16/70/24tires
- Warm Cabin with luxury seat
- Adjustable steering wheel
- Heater

Specs

Machine Specs	
Model	2-ton telescopic wheeled loader
Engine Model	Yunnei YN38GBZ
Engine Rated Output	76kW
Engine Type	In line, vertical, water cooled, four-stroke
Engine Number of cylinders	4
Engine Method of starting	Electric
Lifting Capacity	2000kg
Max lift / dumping height	5500 / 4500mm
Lift Time	4.7s

Operating Weight	6500kg
Axle-base	2325mm
Tyre	16/70-24
Maximum Breakout Force	58kW
Maximum Speed	20km/h
Transmission	4x4
Maximum Gradeability	30
Torque Converter Model	YJ280B
Turning Radius	4720mm
Bucket Capacity	1m3
Dimensions	
Overall Dimensions	7200 x 2150 x 3000mm
