Deluxe 4 Seater Golf Cart

CLUB 4 DELUXE...

Experience effortless, elegant transport with the Eagle Club 4 Deluxe, designed for four passengers yet compact enough for estates, resorts, campuses, and residential communities. Built atop the trusted Eagle platform, it delivers reliable performance, modern styling, and enhanced group mobility.

Key Features & Benefits

- Room for Four, Powered by Lithium-Ion
  With seating for four and a high-voltage lithium-ion battery system (72 V for Eagle multicarts), this model offers longer range, faster charging, and lower maintenance compared to traditional batteries.

- Versatile Safety & Storage Package
  Comes equipped with electromagnetic brakes, built-in storage behind the seats, dual sand bottles, a ball and water holder, a split windshield, and a cooler box—offering convenience and utility.

- Optional Upgrades for Enhanced Performance
  Customize your ride with optional aluminum wheels or golf bag holders to increase durability and personal utility.

- Balanced Design for Practicality & Comfort
  The Club 4 Deluxe is tailored to comfortably accommodate more passengers without compromising agility—ideal for frequent group transfers across estates or commercial grounds.

Who It's For

- Larger residential estates, schools, campuses, and resorts needing a compact, yet spacious, electric cart.

- Leisure venues or event venues looking to transport small groups in style and comfort.

- Clients seeking group-focused mobility solutions that blend functionality with efficiency.

What Sets It Apart
The Eagle Club 4 Deluxe merges efficiency, comfort, and modern design into a modest four-seater cart. It brings forward the foundational benefits of the Eagle range—lithium-ion power, safety, and smart storage—while delivering increased capacity. It's the smart choice for group transport in both leisure and professional settings.
