4 Seater Highrider Golf Cart

ESTATE 4 HIGHRIDER...

Effortlessly blend space, power, and terrain-ready performance with the Eagle Estate 4 Highrider. Designed to transport up to four passengers with ease, this elevated electric cart conquers uneven paths while delivering comfort, efficiency, and a commanding ride experience.

Key Features & Benefits

- Spacious Seating with Elevated Clearance
  Comfortably seats four while featuring a lifted chassis, enhancing ground clearance to master bumps, grass, gravel, and other challenging surfaces. Ideal for nature reserves, coastal resorts, event venues, and estates.

- Advanced Lithium-Ion Power System
  Equipped with the Eagle line's signature 72 V lithium-ion battery technology, delivering the benefits of longer range, faster charging, and lower maintenance compared to traditional lead-acid setups.

- Safety, Convenience, and Storage
  Comes standard with electromagnetic brakes, rear storage compartments, dual sand bottles, a ball and water holder, split windshield, and a cooler box—providing both functionality and ease-of-use.

- Customizable Options for Personalization
  Upgrade with optional aluminum wheels for a durable, polished look or add golf bag holders to enhance utility for the links and leisure.

Who It's For

- Resorts, lodges, and estates that need reliable, elevated group transport across varied terrain.

- Guided tour operators and outdoor event venues desiring smooth, capable people-movers with style and functionality.

- Properties with natural pathways or rugged landscapes where a standard low-slung cart might struggle.

Why It Stands Out
The Eagle Estate 4 Highrider offers a robust combination of capacity, comfort, and off-road capability. It excels in delivering elevated efficiency—literally and figuratively—making it a standout choice for transporting small groups in settings that demand both performance and poise.
