4x4 Utility Vehicle

WOLVERINE 1200...

The WOLVERINE1200 Diesel UTV is a heavy-duty utility terrain vehicle engineered for serious work in agriculture, estate management, and industrial operations. With its powerful diesel engine, high load capacity, and rugged suspension, this UTV is built to thrive in South Africa's toughest environments - from muddy farm roads to rocky veld trails.

DIESEL POWER THAT DELIVERS

At the heart of the WOLVERINE1200 is a 3-cylinder, 4-stroke diesel engine featuring liquid cooling, common rail, and direct injection technology. This setup ensures optimal fuel efficiency, consistent torque, and reliable performance under load.

Whether you\'re towing equipment, hauling supplies, or navigating uneven terrain, the WOLVERINE1200 offers the torque and traction needed to get the job done efficiently.

Specs

General Specs	
Engine Type	3 cylinder, 4 stroke, Liquid cooling
Horse Power	25.2HP
Rated Power	18.5kW
Speed	2800RPM
Driveline Type	Shaft Drive ; On demand 2WD-4WD
Transmission	Automatic CVT
Front Suspension	Independent Double A-arm
Rear Suspension	Independent Double A-arm
Front Brakes	Hydraulic Disc
Rear Brakes	Hydraulic Disc

Dry Weight	750kg
Wheelbase	2095mm
Ground Clearance	320mm
Top Speed	50km/h
Gear Selection	L-H-N-R
Cooling System	Water Cooled
Fuel Type	Diesel
Dump-bed Capacity	500kg
Towing Capacity	900kg
Displacement	1200cc
